Dear Fellow Alton Resident

It has been a privilege to serve you for the last 8 years as Alton & Holybourne's County Councillor. I have also had the honour to be an Executive Member in Cllr Roy Perry's Cabinet for 4 years. Being personally involved in strategic planning and setting objectives for the County Council to transform services, following severe reductions in funding, has been hugely fulfilling and is paying dividends.

Hampshire's Conservative administration continues to deliver outstanding adult and children's services, building more ExtraCare homes and providing targeted Family Support. Over 90% of children get 1st choice school places; over £100m is to be invested in road improvement with more for repairs; £520m in capital schemes over the next 3 years; the list goes on...

I represent the County Council on European matters and, as Armed Forces Champion, lead Hampshire's support for serving HM Forces, reservists, veterans and their families

At EHDC and the County Council I have kept Alton's profile rightfully high. Local challenges are significant and it's important they are recognised. People's quality of life matters – a lot. Experience and commitment are important. There is more to do.

I hope you will place your trust in me on 4 May.

Andrew Joy

**Conservative Candidate for
Alton Town Division**

LISTENING, ACTING AND WORKING IN PARTNERSHIP

I believe strongly that County, District and Town work best together by joint working. I attend Town Council and HVA meetings and at EHDC, working closely with Mark Kemp-Gee, my HCC Alton Rural colleague. This enables us to share understanding of issues that really matter to the community we all serve and to set informed objectives. This applies to the local economy as a whole; High

Street, industrial and rural businesses.

There is a strong case for close working of County and District Councils' teams for Economic Development, not just in respect of small businesses but also strategic medium and larger businesses. Closer working of HCC's Adult and Children's Services and Public Health with the NHS can yield huge savings and get people home sooner.

ANDREW'S PROMISES OF ACTION FOR ALTON TOWN DIVISION

SEEING AND DELIVERING THE BIGGER PICTURE

Alton's continuing development demands for school expansion, roads, health provision, sport and community facilities and support for High Street businesses, tourism and jobs. I will keep up the pressure to deliver the right answers for Alton.

ALTON TEAMWORK TO GET THINGS DONE

Alton has great community groups: the Alton Society, ACA and valued volunteers supporting young and old. I am focused on revitalising the town, preserving its history, driving its economy and listening. I will be at the heart of the action.

THE RIGHT DECISIONS ON REGENERATION

Redevelopment of the brewery and a new Sports Centre are great projects. I will influence the decision-making over community facilities, housing, sports provision and business in the best interests of residents and the next generation.

6 Good reasons to Vote Conservative...

1 STRATEGIC PLANNING

Hampshire Conservatives always plan ahead financially. We provide the best services and the 2nd lowest council tax of any County.

2 GOOD SCHOOLS

Over 90% of our schools are rated good or outstanding. A £300m building programme is planned to meet increased demand.

3 STRONG LEADERSHIP

Hampshire needs to be run competently and wisely. The Conservative leadership team is strong and able delivering value for money.

4 LOOKING AFTER VULNERABLE FAMILIES

HCC provides holistic family support targeting the most vulnerable. Health visitors and community groups provide added support.

5 ENVIRONMENT AND HERITAGE

All HWRCs open and taking commercial waste. Hampshire Cultural Trust supports museums and galleries & their volunteers.

6 £200M INVESTMENT PLANNED FOR ROADS

Operation Resilience invests to make Hampshire's roads more resistant to the effects of increased traffic and changing weather.
